

Certificate

Scheidt & Bachmann GmbH, Breite Straße 132, 41238 Mönchengladbach, Germany

CERTivation GmbH hereby certifies the above-mentioned organization that the Information Security Management System (ISMS) for the below mentioned scope and the locations listed on the following pages, based on the Statement of Applicability, version 3.0, meets the requirements of the following international standard:

DIN EN ISO/IEC 27001:2024

Scope:

The scope covers all services and products across the value chain for parking management, fare collection management and petrol station management (energy retail solutions) systems, as well as signalling systems, including simulation and training solutions.

These include:

- Design, development, production and distribution of hardware and software solutions
- Operation and support of data centre, cloud and software services
- Installation, commissioning, testing, maintenance, diagnostics and repair
- Comprehensive services covering operation, support and further development
- Consultancy, project planning and documentation services
